

ANOTHER FIRST!

Have your cheeks ever hurt from smiling so much? Perhaps that hasn't happened for many in the past year but that wasn't the case on Thursday, January 28th, when Learning & Development held its annual Certificate Recognition event.

This was the first (and hopefully the last) time this event was ever held online but that didn't stop the joy! In fact, some might say there was an extra element of enthusiasm and love because as the 15 recipients of certificates were being honored by their supervisors, everyone else in the "room" sent their appreciation by chat. Everywhere you looked, gratitude was pouring through the screen.

Please extend your congratulations to our colleagues who managed to work through a pandemic AND achieve a CGA Learning & Development Certificate of Achievement.
