

L&D Celebrates Staff Achievements!

This month, the CGA celebrated 44 amazing staff members who worked hard to earn a Learning & Development Certificate of Completion. In total, 58 certificates were handed out on February 1st.

Over hot coffee and a delicious breakfast, the recipients heard their managers and office directors applaud their pursuit of knowledge and growth. What they have learned in the classroom and applied on the job has made a difference!

Please see the list of awardees below and congratulate them when you see them!
