

2025 Learning & Development Certificate Celebration!

The CGA Learning & Development Certificate Celebration is an annual gathering of supervisors and staff to celebrate the pursuit of learning in the workplace.

This year, 43 staff members received a total of 52 beautiful certificates after they were treated to a delicious breakfast and heard kind words from their supervisors.

The event is a short “time out” from the very busy start of session. It’s significant because every person who works to achieve this recognition makes a deliberate decision to grow while working. They actively participate in classes, group discussion and exercises, and they sit down with their supervisor and discuss how they plan to apply what they have learned. It takes effort and intention. It deserves celebration!

Please extend a hardy congratulations to everyone who was honored last month.

If you’re interested in learning more, [CLICK HERE](#) and then click on the pictures of the different certificates to decide where you might want to begin!
