AUDITORS' REPORT
COMMUNITY ECONOMIC DEVELOPMENT FUND
CALENDAR YEARS 2001, 2002 AND 2003

We have made an examination of the books, records and accounts of the Community Economic Development Fund (CEDF), as provided in Section 2-90 of the General Statutes, for the Calendar years 2001, 2002 and 2003.

Scope of Audit:

The CEDF was created pursuant to Public Act 93-404, subsequently codified as Sections 8-240k through 8-240n of the General Statutes. In accordance with Section 8-240n, the CEDF has issued financial statements as part of its annual reports. These financial statements were subsequently audited by the independent public accounting firm of Scillia, Dowling and Natarelli, LLC. After having reviewed the reports and work of the independent public accounting firm and having satisfied ourselves to the firm’s independence, professional reputation, and qualifications, we have relied on these financial audits, in addition to internal control documentation. We have limited our examination to such procedures as reviewing selected internal controls and adherence to various statutory requirements. This report on our examination consists of the “Comments” and “Recommendations” which follow.
COMMENTS

Foreword:

The purposes of the CEDF are to coordinate, fund and implement investment in community development in targeted neighborhoods, provide access for borrowers to existing public and private lending and development programs, provide technical assistance, and preserve public dollars by leveraging private capital for community investment. Through September 2003 these activities took place in Public Investment Communities and Targeted Investment Communities that had income levels below the state averages; Public Investment Communities are municipalities requiring financial assistance to offset their service burdens; and, Targeted Investment Communities are municipalities that contain enterprise zones. Effective October 1, 2003, Public Act No. 03-93 expanded CEDF’s services to low and moderate-income borrowers in all Connecticut communities. At least seventy percent of the financial assistance available to CEDF shall be used for activities in Targeted Investment Communities.

The CEDF is comprised of three separate legal entities. The CEDF Foundation (hereafter the “Foundation”) is a non-profit organization originally capitalized with $10,000,000 in State of Connecticut funds with a twenty-four-member board of directors as determined by statute. The Foundation is primarily responsible for providing technical assistance to small businesses and to neighborhoods seeking to develop comprehensive community development plans.

The Community Economic Development Fund Corporation (hereafter the “Corporation”), a for-profit corporation, is a wholly-owned subsidiary of the CEDF Foundation. The Corporation has an eighteen-member board of directors appointed by the Foundation. Originally capitalized with $7,000,000 in State of Connecticut funds from the Foundation, the Corporation underwrites and services loans to small businesses and mixed-use properties located in targeted communities and continues to develop financing programs to fill gaps identified in the traditional lending community.

The Corporation has invested $1,500,000 in the Community Economic Development Fund 1, LLC (hereafter “LLC”). The LLC is a limited liability company with thirteen members. In addition to the Foundation, the LLC is comprised of twelve financial institutions, each of which has invested into the program. The Corporation manages the LLC’s $9.7 million loan pool and records the loans that it underwrites in the LLC. The LLC does not have any staff, as the Corporation performs all of its activity and management.
Board of Directors and Administrative Officials:

In accordance with Section 8-240l of the General Statutes, the CEDF Foundation shall be governed by a statewide board of directors. There are three classes on the board of directors. The classes are the Public Investment Class, the Private Investment Class and the Community Investment Class. The Governor appoints the five board members of the Public Investment Class. This class represents relevant State agencies and quasi-public agencies. Each investor that committed at least $1 million to the overall program appoints a member to the Private Investment Class. The Community Investment Class members are persons of low or moderate incomes residing in the public investment communities or targeted investment communities and they are appointed by the General Assembly leadership. The Board of Directors is authorized to appoint any additional members.

As of December 31, 2003, the following were members of the Board of Directors:

Revenues were primarily from investment income, donations/grants and management fees charged to the LLC by the Corporation. The increase in revenues was primarily due to increases in grants received from a number of financial, State and other organizations and donations received under the Neighborhood Assistance Act Tax Credit Program. The increase in expenditures was primarily due to increases in salaries and related expenses.

**CEDF LLC:**

A summary of the loan activity for the calendar years under review is presented below. Loan application packages mailed out increased by approximately-twenty two percent from calendar year 2001 to calendar year 2003. However, completed loan applications received increased by approximately eighty one percent. The primary reasons for this increase were the addition of a micro loan technical assistance analyst, the establishment of a segmented Norwalk-Stamford loan pool program and general economic conditions that restricted loans from banks. The total loans outstanding for calendar years ending December 31, 2001, 2002 and 2003 were $5,189,428, $7,045,233 and $9,420,187, respectively.
