TRAFFICKING IN PERSONS COUNCIL

The Trafficking in Persons (TIP) Council is chaired and convened by the Commission on Women, Children, Seniors, Equity and Opportunity (CWCSEO) pursuant to *C.G.S 46a-170* and consists of members from a diversity of backgrounds, including representatives from State agencies, the Judicial Branch, law enforcement, motor transport and community-based organizations that work with victims of sexual and domestic violence, immigrants, and refugees, and address behavioral health needs, social justice, and human rights. The TIP Council consults with government and non-governmental organizations (both state and federal) to develop recommendations to strengthen State and local efforts to prevent trafficking, protect and assist victims, prosecute traffickers, and provide updates and progress reports on trafficking in Connecticut. The TIP Council reports annually to the Connecticut General Assembly.

2023 HIGHLIGHTS OF TIP COUNCIL ACTIVITIES

Restructure of TIP Council

The Trafficking in Persons Council recently underwent a minor restructuring. With Representative Gilcrest now serving as Chair of the Human Services Committee, she has been unable to attend TIP meetings regularly. To ensure continued leadership, she has invited Beth Hamilton, Executive Director of the CT Alliance to End Sexual Violence, and Krystal Rich, Executive Director of the Connecticut Children's Alliance, to join her as tri-chairs of the Council.

Bradley International Airport Signage

An important discussion was held with the Connecticut Airport Authority, which expressed a strong commitment to making all airports unwelcoming to human trafficking. Recognizing the significance of this issue across the aviation industry, they emphasized the need for proactive measures. While no instances of human trafficking have been reported at Bradley International Airport, they are aware of its prevalence at airports nationwide and cited a recent trafficker's arrest at Providence Airport.

The Authority has engaged with Homeland Security's Blue Campaign to explore available resources and is eager to collaborate with local experts to develop an impactful plan. They also expressed interest in partnering with the TIP Council.

To support this effort, the TIP Council will form a small subcommittee to identify effective awareness campaigns and continue discussions with the Airport Authority to work collaboratively on combating human trafficking.

After several meetings with TIP Council members, new signage was posted at Bradley International Airport regarding trafficking including the hotline number for trafficking and the toll-free number for services.

2023 DATA FROM COUNCIL MEMBER ORGANIZATIONS/AGENCIES

Connecticut Children’s Alliance Child Advocacy Centers and Multidisciplinary Teams

The Connecticut Children's Alliance (CCA) is the coalition for CT’s 10 Child Advocacy Centers (CACs) and 17 Multidisciplinary Teams (MDTs) across the state. Together, these centers and teams provide a coordinated, compassionate, and evidence-based response to children who have experienced abuse, neglect, and exploitation. In 2023, our CACs and MDTs served **2102 children (4219 parents and caregivers)** including **187 children** who were victims of human trafficking.

Comprehensive Services for Children and Families

Child Advocacy Centers (CACs) offer a safe, child-friendly environment where children and families receive the critical services and support they need. These services include:

1. Forensic Interviewing

CACs provide specialized, trauma-informed forensic interviews conducted by trained professionals. These interviews are designed to minimize trauma by allowing children to share their experiences in a safe and neutral setting. The information gathered helps multidisciplinary teams make informed decisions about investigations, child safety, and legal proceedings.

2. Advocacy

Family and child advocates offer essential support throughout the entire process. Advocates ensure families understand their rights, help them navigate the complex systems involved, and connect them to additional resources. Advocacy services provide comfort and empowerment to children and their caregivers during an incredibly difficult time.

3. Mental Health Support

Healing from trauma is an ongoing process, and CACs connect children and families to evidence-based mental health services. Whether through on-site support or referrals to trusted providers, mental health professionals offer trauma-focused therapy to help children and families cope, heal, and thrive.

4. Case Coordination

The strength of the CAC model lies in its multidisciplinary approach. Teams consisting of law enforcement, child protection workers, medical professionals, prosecutors, and mental health specialists work together to ensure a coordinated response. Regular case reviews help ensure no detail is overlooked and that the child's needs remain the top priority.

5. Case Management

CACs provide ongoing support and guidance for children and families throughout their journey. Case management services help track progress, address challenges, and ensure families have access to resources such as housing support, transportation assistance, and other critical needs.

Connecticut Department of Children and Families

In 2023, over 186,000 reports were made regarding online enticement – a more than 300% increase from just two years prior in 2021. Online enticement involves an individual communicating with someone believed to be a child via the internet with the intent to commit a sexual offense or abduction.

In 2023, Connecticut had a total of 303 referrals. This total reflects a sustained increase from 2020 to 2023: 149 referrals in 2020, 241 referrals in 2021, 310 referrals in 2022, to then 303 referrals in 2023.

Majority of the 310 referrals made in CT during 2023 were for females. Almost all of referrals were for children between the ages of 12 and 17, with most referrals for children 15 years of age.

LOOKING FORWARD

Council Policy Recommendations for 2024

- Add a representative from the Connecticut Department of Transportation (DOT) to the Council due to transportation-training and signage requirements that is mandated, but DOT is not currently part of the training.

- Remove a “survivor” from the Council’s membership and replace it with “community member” to allow survivors or other community members with lived experiences to participate without fear of having to share their history or represent all survivors.
- Support the addition of victims of sexual assault and trafficking to state’s antidiscrimination statutes, expanding Public Act 22-82, which added solely victims of domestic violence as protected class in CT related to employment, housing, credit transactions, and public accommodations.
- Support establishing an Affirmative Defense for misdemeanor crimes and crimes maintained in the juvenile court committed by victims of human trafficking.
- Amend C.G.S. Sec. 17a-106h to remove the word “video” from a section referencing the training re-identification and reporting of suspected human trafficking for law enforcement personnel, judges, persons involved with the criminal justice system, emergency and urgent care staff and school and constituent unit employees; the removal of the word “video” would allow for other modes of training such as in person and interactive on-demand modules.
